**Big Community  
Switch**

## What is the Big Notts Switch?

We are part of Big Community Switch - a collective energy switching campaign to help residents find a better deal on their gas and electricity bills.

**75%** of households are overpaying for their gas and electricity

## How does it work?

We work with independent experts, iChoosr, who arrange an auction where energy suppliers bid against each other to offer the cheapest tariff.

After the auction you will receive a personal offer from the winning energy supplier. If you decide to switch we will take care of the entire process for you, making it a safe and hassle free way to switch.

## Important dates

- ▶ Register by 9th Feb 2021
- ▶ Receive your offer by 2nd March
- ▶ Accept offers by 23rd March

## WIN an organic food hamper!

Once you've received your offer, share your savings and tag us **@Nott\_Energy #BigNottsSwitch**. You'll then be entered into a prize draw to win one of three hampers. Good luck!

## What are the benefits?

- ▶ Free to use
- ▶ No obligation to switch
- ▶ Hassle free switching service
- ▶ Includes prepayment tariffs
- ▶ 100% renewable tariffs

## What do I need to register?

- ▶ Name and address
- ▶ Annual energy use (can be found on your energy bill)
- ▶ Existing energy supplier & tariff

Let us find the  
**purrfect** deal for you.
